Chiara Valle
Founder and President
Wings for Ewing Sarcoma
3 Powderhorn Road
Ardsley, NY 10502 USA

Dear Chiara,

It is my pleasure to thank you and the Board of Directors of Wings for Ewing Sarcoma for the recent \$10,000 gift to support Ewing sarcoma research under the direction of Brian Crompton, MD, at Dana-Farber Cancer Institute. I can assure you this check was promptly deposited in the appropriate account.

Your funding keeps Dr. Crompton and his team at the forefront of cancer research and discovery. With the foundation's investment, Dr. Crompton can continue to identify novel combinations of targeted therapies that work together to kill Ewing sarcoma cancer cells. Using cancer cells growing in culture dishes, each candidate drug combination is tested against cell lines grown from donated Ewing sarcoma tumors. The results can show which potential drug combinations may become useful therapies, ideally resulting in a clinical trial for a novel treatment and bringing us one step closer to finding a cure.

On behalf of Dr. Crompton, the entire Dana-Farber community, and especially the young patients and families that we serve, thank you again for your partnership.

Sincerely,

Amy E Trapasso

Amy E. Trapasso
